Appeal Reason

I was helping a coworker move a rug, and we were dropping it off at this location. I was there for less than 10 minutes and only parked facing the wrong direction to unload it. I was indeed parked facing the wrong direction, but I am please asking for some leniency from the court because of the very limited time I was there. Once we came out of the apartment, again, no less than 10 minutes later, I turned the car around as we walked over to Max"s Wine Dive down the street.
